HOSPITALITY FABRICS

House Of Prizm

EVERY THREAD TELLS A STORY

Curated fabrics for hotels & distinctive interiors

Most suppliers sell fabric. We keep commitments.

House of Prizm began with a simple observation. As industry professionals, we saw a market focused on selling material, while the things that decide how a project actually goes (service, quality and timelines) were often treated as an afterthought.

We believed hospitality projects deserved better, so we built House of Prizm around one principle: **what we commit to, we deliver.**

Today, we work with hotels, resorts, architects and interior teams across India, offering curated curtains and sheers, upholstery, leatherette, bed and bath linen, wallcoverings and custom furnishing requirements.

Every order carries the same promise: the quality you approved, on the date we agreed, and support that doesn't end when the order is placed.

Because in hospitality, every detail is part of the guest's experience, and every thread tells a story.
